[HTML] Competitively cost advantageous **mergers** and monopolization  
Ml Kamien, L Zang - Games and Economic Behavior, 1991 - Elsevier  
Abstract We address two major questions. The first is, Does the potential for lower production costs lead to partial or complete monopolization of an industry through acquisition by one firm of all its rivals? The second is, Do competitively advantageous cost ...

[HTML] Human resource practices and performance of **mergers** and acquisitions in **Israel**  
Y Weber, SY Tarba - Human Resource Management Review, 2010 - Elsevier  
An extensive body of literature has investigated financial and strategic variables as predictors of **mergers** and acquisitions (M&A) performance without finding clear relationships. This paper proposes a knowledge-based view of acquisitions and suggests ...
